

Materials and Aids Permitted for the Examination Summer 2026

• Materials and aids permitted for each examination as specified by the respective Course Instructors as of **27 July 2026** are given below.

• **Please note that this list may not be the final list. Students should check with their teachers before the examinations.**

* Students must only bring with them materials permitted by the Course Instructor to the examinations. It is the students' responsibility to check with the teachers for such items prior to the examination.

* Students have to put their personal belongings and any unauthorized materials inside a bag which can be closed properly and place it in front of venue.

* If any unauthorized materials, including all kinds of electronic devices with cellular connectivity, mobile applications installed or wireless technologies supported (e.g. mobile phone, smart watch, tablet, electronic dictionary, pager, MP3 player) irrespective of whether the devices are turned on or not and whether they contain material relevant to the examination, are found on you during an examination, you will be subject to disciplinary action which may lead to a failed grade in the concerned course.
